

## Membership Information

**National Membership** The Antique Automobile Club of America is a national organization with more than 50,000 members, with one thing in common. We all love old cars. Not every AACA member owns an antique automobile. Owning a car is not a requirement to join. To learn more about the Antique Automobile Club of America, visit [aaca.com](http://aaca.com). To download a membership application, click on the link below.

**Regional Membership** The East Tennessee Region is an affiliate of the AACA, located in the general area of Knoxville, TN. We currently have about 140 member families, and we welcome anyone with an interest in automobiles. Since we are a part of the Antique Automobile Club of America, all members of the East Tennessee Region are required to maintain a membership in the National AACA. Click on the link below to download a membership application for the East Tennessee Region.
